

# Shinpan Kadokawa Nihon Chimei Daijiten

The “Shinpan Kadokawa Nihon Chimei Daijiten DVD-ROM” published in 2011, is fully recorded. You will be able to search about Japan’s 47 prefectures as you wish with the complete search functions.

### Feature 1

#### Original search options!

You can search by prefecture name, old place name and period. The Advanced Search functions enables to easily find from the huge amount of data, the place name you are looking for.

### Feature 2

#### Merged place names available!

There are about 10 thousand new place names available from “The big merger in Heisei.” It covers all Japanese place names up to December 2010.

### Feature 3

#### Browse by prefecture

In the “Book Shelf” there is a prefecture list where you can search the place names by prefecture. It is recommended for people who want to research about a specific area in depth.

### Feature 4

#### Newest data are planned to be updated

After its release, the data will be regularly updated. New place names due to city mergers, cities designated by government ordinance, and establishments of new municipal systems will be added.

※The content of the screen is still in the process of development. It may change without previous notice.

## The Great Dictionary of Archaic Japanese Kadokawa Kogo Daijiten

From common language to terminologies and proper nouns.  
5 volumes with 100 thousand of old vocabulary recorded.  
Examples from documents and works from multiple periods are available.

### Feature 1

#### Useful Advanced Search

JapanKnowledge's original Advanced Search function is available. Search results can be classified to "Type of content" "Part of Speech" and "Genre."

### Feature 2

#### Search for Examples!

By setting the search scope to example (text) or example (source), you will be able to search for examples from the original text.

### Feature 3

#### An easy way to search compared to the book version

It is possible to search in both old orthography and current orthography. You can also search without converting the words to *hiragana/katakana* youon (small *ya yu yo* and more)/*sokuon* (small *tsu*).

### Feature 4

#### Suggest Function

By entering the first 2 letters of the search word in the search box, a pulldown menu with search suggestions will appear. The headword and the source name is added.

※The content of the screen is still in the process of development.  
It may change without previous notice.
